## Tax Protest Flares In District 36 of Antioch Township

Meeting Planned for Aug. 15 To Take Action Against Increased Rates

The protest against radically increased taxes which has swept Lake county, burst forth in the Fox Lake and Grass Lake areas of Antioch this week.

Twenty-five residents of School Dist. 36 met Tuesday evening at the home of Mr. and Mrs. Herman Fink at Grass Lake, according to reports, and determined on joint action to remedy what they consider an exorbitant tax rate.

Nathan Galloway presided at the meeting and appointed two sub-committees to make plans for a mass meeting Sunday, Aug. 15, at a place yet to be selected. An invitation will be extended to the 400 taxpayers of the district to be present.

A committee of women comprising Mesdames Galloway, Fink, Rose Keating and Gertrude Flint was appointed to obtain a place for the meeting and Edward J. Kugle was named chairman of the other committee to arrange the program.

Members of the group plan to attend a meeting at Lake Villa tomorrow evening and then meet Monday evening to discuss plans for their own meeting a week later.

The places vitally concerned are Grass Lake, Indian Point, Petite Lake and Fox Lake, all within the district where a new school building is said to have upped the taxes considerably.

A Warren township lawyer, Peter Gaddy, has asked a grand jury probe into the tax assessment procedures in his township.

## Three Persons Burned When Launch Explodes At Witt's Channel Lake

Three persons were badly burned when gasoline fumes on the pleasure launch of Tony Guida, Chicago summer resident of the Witt subdivision exploded, caught fire and sank at 8 p. m. Sunday in Channel Lake.

Guida, his son-in-law and five-year-old grandson were all burned about the face and hands and were treated by Dr. Irving L. Breakstone who said the burns were second and third degree injuries and were serious. A 10-year-old grandson, escaped injury and swam to shore.

Guida had just steered his launch from the channel of the subdivision into the lake. Details concerning the accident were not learned but it is believed that some gasoline spilled and that sparks from the engine caused it to explode.

A resident of the subdivision listed as Mr. Costello, rowed out in a boat and took the two men and small boy to shore and the 10-year-old boy swam ashore. The Rescue squad administered first aid and took the injured to a doctor.

The fire department was called but the boat was beyond saving when they arrived and it soon sank. It was valued at \$300.

Guida and his guests all went to Chicago and he is said to be under the care of an eye specialist because of the burns.

## Dude Ranch at Lake Villa Features Summer Theatre

Sky Lane Dude Ranch at Lake Villa has inaugurated a series of weekend summer stock presentations featuring the Institute Players of Chicago.

On Saturday, July 31, the group presented the Workshop Company's "This Little Hand" a "whodunit" with a comedy twist. The play was written by Wilfred Pettit and played on Broadway with K. T. Stevens and Barbara Bel Geddes.

"This Little Hand" will be presented again on August 14. Aug. 7th will feature the Institute Players in a "Summer Pot-Pourri" which includes a one act play and several other entertaining side-lights.

Sky Lane Ranch is Illinois' only real western dude ranch.

Pleasant Prairie Here Sunday  
Pleasant Prairie is on the schedule of the Antioch baseball team for 2:30 p. m. Sunday at the high school park. An interesting game is promised by the V. F. W. sponsored group.

## Grass Fires and Other Small Blazes Keep Local Firemen Busy This Week

The fire department is having a busy week. Sunday evening it was called to the Witt subdivision where Tony Guida's launch was destroyed by fire.

Yesterday a grass fire threatened the oats field of Al Herman on Orchard st., but was extinguished without much loss. Other grass fires yesterday were at the Shannon subdivision on west channel; and at the California subdivision at Lake Marie.

The garbage truck of Merrill Cunningham escaped damage from fire while at the Masek filling station when the contents started burning.

## Village Board Passes Tax Levy, Sells Lot, Has a Busy Evening

A tax levy with figures showing additional income yet to be added, was passed by the village board Tuesday evening. Because the estimates were not available at the time, the total figure was not announced.

The board was informed of the approval of the request for \$5,000 motor fuel tax money to widen Main st., from Park st. to Ida ave. The street will be widened 6 feet on each side with a cement pavement.

While Ida ave. was approved as an arterial street, no money was appropriated for its improvement.

President George B. Bartlett was informed that the state would not supply stop and go lights at the intersection of 173 and 21, or at Main and Lake sts. because of insufficient traffic. President Bartlett said that Engineer Wells told him the stop and go light at Lake Villa would not have been installed had the state known the traffic count as it now does.

The board was told by Trustee Walter Scott that it would receive a written proposal from Al Herman dedicating a 50-foot wide street to the sewage disposal plant from Orchard st., on condition that it revert to the farm if ever abandoned as a street. He asks \$300 for the expense of grading and graveling and permission to tap water and sewer lines.

The village was advised by its attorney to condemn the land for use in stringing a power line on poles to the plant, but has hesitated to do so.

Permission was given the George Kolars on North ave., to tunnel beneath their street in connecting to a village water line.

The contract providing for the crossing of the Soo line tracks by Ida ave., was read and will be signed. The village and railroad will commence soon the preparation of the grade crossing and the warning signs.

Lot No. 10 was sold to Mrs. Nellie Hanke on her high bid of \$650. The lot adjoins her property. The property owner on the other side of the lot bid \$625.

Mrs. L. B. Grice entertained at an outdoor steak fry at her home Tuesday evening, the occasion being the birthday anniversary of her sister, Miss Alice Emmons.

Mr. and Mrs. Dolph Duncan, of Litchfield, spent the weekend with Mr. and Mrs. Fred Franklin at their Grass Lake home.

## We Have a Happy Birthday

Today the Antioch News is 62 years old and starts on its sixty-third year.

It was a happy birthday anniversary because of the pleasant relations the News has with its community and its neighbors. Started in 1885 by John R. Burke, the News has seen continuous publication since.

The Antioch News was purchased by Homer B. Gaston in September 1926 and since his death in November, 1943, it has been operated by his family. The News has the largest circulation in its history and the fact that it is a purely paid subscription is testimony of its appreciation by the readers. We are hoping for the opportunity of serving Antioch and its area for many more years and believe that the News is an institution that will endure indefinitely.

## Central Office Is Needed in Village Auditor Declares

Poor Handling of Parking Meter Records Now Criticized

The need of the village for an office in which a person authorized to handle money and records would be present during office hours, was pointed out by D. F. Laurin, Arlington Heights, auditor for Antioch, in a letter to President George B. Bartlett read at the board meeting Tuesday evening.

"May I take this means of calling attention to the fact that as the community grows and the extent of the services rendered the community increases," wrote Laurin, "it emphasizes the need for a central office where all village records will be kept."

"That need recently has been brought out by the poor handling of parking meter arrest tickets. A central file should be maintained on these tickets so that a follow up can be made."

Regular Office Hours  
"While some girl should be in attendance in a village office during regular office hours to answer inquiries and to receive monies for licenses and water payments, etc., giving a proper receipt therefor, the regular village officers (treasurer and clerk) need only to consolidate and record data collected at the village office."

Laurin's criticism of the way the arrest tickets were handled opened a discussion on the failure of the follow-up method.

Village Attorney George McGaughey informed the trustees that a traffic or parking meter ticket is merely a courtesy notice to the offender to appear or send in his fine without the formality of a warrant. If the person does not appear, or tears his ticket up, he then is summoned through a regular warrant and he bears the expense of the court cost in addition to a heavier fine.

Law Has Teeth  
"They are enforcing them now in other cities and the day of tearing up a ticket is over," said McGaughey.

It is probably that the village will pursue the same procedure.

The racket of placing money in a meter and turning the meter handle only partway or not at all so that the patrolman will in some overtime period complete the process will not work hereafter.

Trustee Arthur Rosenfeldt said he was informed by the parking meter company that failure of the depositor to turn the handle sufficiently or not at all is part of the violation. Patrolmen hereafter will not be required to turn the handle, but will proceed to give the ticket.

Receive \$900 in 5 Weeks

The village received \$900 in the last five weeks through parking meter receipts. At this rate the meters will be paid for well before the first of next year and thereafter the income will be entirely that of the city. As it is now, after 25 cents is taken out for maintenance of the meter 75 per cent goes for payment and 25 per cent to the village. The money is applied on police salaries.

There was no action on the suggestion of Laurin, but it is probable that when the village gets its new hall, such an arrangement must come. Elsewhere in the county villages the size of Antioch that have municipal building and utilities have a regular attendant.

## Pipe Organ Installation Begins in Methodist Church

The first shipment of organ parts arrived at the Methodist Church on Thursday afternoon accompanied by a representative of the organ firm making the installation. It is expected that the work of tearing out the old organ will begin almost immediately.

The organ committee of the church met Wednesday evening and decided the approximate location of the console. Those present at the meeting included Mrs. George Good, Roy Kufalk, Mrs. Margaret Gaston, T. M. Palaske and Rev. Tuttle. The console, which is detached from the organ, will be located in the northwest corner of the sanctuary.

Dedication of the organ will probably be arranged soon after the installation has been completed, according to Rev. Tuttle. Nearly two-thirds of the necessary money is already in the hands of the church treasurer, and it is hoped that the entire amount will be raised by the time that the installation has been completed.

## Volunteer Help Sought To Lay Flooring at New Scout House Saturday

Volunteer carpenters are sought to lay flooring in the Scout building Saturday in the final work on the building.

The work will start at 8 a. m. and should be completed during the day if enough help is provided.

It will be the last request for public aid, D. N. Deering, member of the committee said in commenting on the splendid response the community has afforded in the past.

The recreation room is being finished in knotty pine, and the work shop in plywood. It will be a building the community will be proud of, the committee said. Completion and dedication are not far off.

## Many New Residences And Improvements Add To Village's Growth

Permits issued show continued boom in building in Antioch

The building boom continues in Antioch with the trend now turning to additional dwellings.

The Williams department store will join in the face lifting of Main street business houses with a new front line 4 inches from the present to permit a brick facing. To remove the present facing would cost \$1,000 more, and the line will be within the 8-inch variation of the business buildings in the area.

The front will be a stagger recession instead of the angling one at present and will permit a larger doorway. The front will be modern and will add to the attractiveness of the district.

Robert Hunt was permitted to build a 4-room bungalow in the Barney Naber addition for \$7,000, and as his neighbor will be D. N. Bieneman, who is likewise putting up a new bungalow.

George B. Bartlett, Jr., son of the village president, will build a 40x30 frame bungalow at the south end of Victoria st. at a cost of \$8,000.

Louis Tanner will build a residence at the corner of Rte. 173 and Naber st., at a cost of \$7,000.

The Regal China factory is building another addition at the rear of its plant at a cost of \$8,000.

Mr. and Mrs. Kenneth Little were given permission to move an old residence from northwest intersection of Highways 173 and 21 across the road south to a lot west of the Sinclair filling station. They will remodel and decorate it at a cost of \$4,000.

## Subdivision Officials Invited to Meeting of Regional Council Friday

Subdivision officials in Antioch region are invited to send representatives to the monthly meeting of the Chain of Lakes Region Council at Lake Villa village hall at 8:15 p. m. tomorrow to hear Walton R. L. Taylor, tax expert speak.

The council will nominate officers in preparation for the election of a permanent administrative board in September.

It is probable that there will be further discussion regarding the securing of a county health officer. The Chain of Lakes Regional Council was organized this summer to deal with problems of health and sanitation concerning subdivisions.

## Antioch Lions Carnival Includes Thrilling Act As Big Free Attraction

Annual Event Scheduled for Aug. 26-29 Inclusive On Orchard St.

With the announcement that the Lions club will hold its annual carnival Aug. 26 to 29 inclusive, came the word that the Skylarks, a team of aerialists, has been obtained as a free attraction for the four days.

The carnival will be at the Ackerman property on Orchard st., again this year and there will be plenty of parking space there for visitors.

Explaining the nature of the free entertainment, the committee in charge said that the Skylarks work at a height of 115 feet. Both the man and his attractive girl companion are exceptional artists doing many feats of skill and daring at this dizzy height, which would be creditable if done much closer to the ground and working as they do without the aid of net or other safety device.

The cap thrill comes at the climax when the lady falls through space of 40 feet.

The paid attractions will include rides and entertainment at booths. The Lions carnival has been a popular event in the past and should again have a large patronage.

## Knickelbein Funeral Today in Antioch; Interment in Chicago

Military Organizations Had Charge of Service At 11 A. M.

The body of Lt. Edward Knickelbein, Jr., a casualty in World War II was returned from Cambridge Military Cemetery in England, arrived in Antioch Tuesday.

Services were held today at the Strang Funeral Home at 11 a. m. with the Rev. Strauser, Sequoit Post No. 4551, Veterans of Foreign Wars and the American Legion, post 748 in charge.

Interment was in Cedar Park cemetery at 127 Halstead street, Chicago.

## Antioch to Exhibit At County Fair Starting Tomorrow

Antioch is expected to have many entries in the Lake County Fair, which will open tomorrow, in the Memorial Park, Libertyville. The removal of the Fair from Antioch, because of lack of space here is not expected to reduce the entries of exhibits or the attendance and interest from this community.

Livestock bluebloods will parade with prize-winning draft horses Saturday and Sunday at the Lake County fair, opening Friday in Libertyville.

Hawthorne farms will display its blue-ribbon eight-team hitch during the three-day event at Memorial park.

Judging of all exhibits will start at 10 a. m. Friday and continue until completed that day. Livestock judging which will include dairy and beef cattle, sheep, swine, rabbits and goats, will start at 9 a. m. Saturday.

The free entertainment is scheduled as follows:

Friday Program  
9:30 p. m.—Roy Newman and his dog Lucky, main platform. Flying LaVals, aerial act, midway. Bartels hand balance, main platform.

Saturday Program  
3 p. m.—Newman, LaVals and Bartels acts.

9 p. m.—Combined Lake-McHenry county rural chorus under the direction of Mr. R. G. Haley, guest director, at main platform.

9:30 p. m.—Stock parade on fairgrounds.

10:30 p. m.—Newman, LaVals and Bartels acts.

Sunday Program  
3:30 p. m.—Newman, LaVals and Bartels acts.

9:30 p. m.—Newman, LaVals and Bartels acts.

10 p. m.—Hawthorne farms eight-team hitch.

10:15 p. m.—Livestock parade. Twice each afternoon and evening the Public Service Co. of Northern Illinois will present free WLS radio entertainers in their tent.

Mrs. D. C. Nelson, of Canton, Ill., celebrated her 84th birthday anniversary last week at the home of her son, S. E. Nelson.

## Raymond H. Sherwood, Former Lake Villa Park Owner, Dies Suddenly

Life Long Resident of Lake Area to be Buried Tomorrow

Raymond H. Sherwood, 78, died suddenly of a heart attack at his home in Lake Villa, Wednesday, August 4. He was born in Lake Villa September 12, 1869 and was a lifelong resident of that community. He was the founder of and subdivided of Sherwood Park. For the past twenty-three years he and his family had spent their winters in Florida.

Survivors include his wife, Catherine, one son, Clare D., of Lake Villa, a brother, Frank, of Chicago, six grandchildren and five great grandchildren. He was preceded in death by two sons, Lee R. and Orrin.

Funeral services will be held Friday, August 6, at 2 p. m. from the Strang Funeral Home. The Rev. Dwight V. Dixon will have charge of the services. Interment will be in Angola Cemetery at Lake Villa.

## Wilnot Woman Asks Return Of False Teeth Lost Here

A Wilnot woman who spent Saturday afternoon in Antioch hasn't eaten with any degree of comfort since.

She lost her upper dentures, commonly referred to as false teeth. The teeth were wrapped in tissue and carried in a hand bag and she believes she lost them when she pulled out articles from the bag.

The finder is asked to leave them at the Antioch News and the woman will thank them—at least with better accent once she gets them in her mouth.

## Wooing The Voters

Prices are still rising and by the end of the year they will be higher.

That is a pessimistic statement. But it is an accurate capsule summary of what most economists are saying and writing. All the forces that make for price inflation—higher wages, tremendous government spending, near-record purchasing power in the hands of the public—are still in effect.

High prices constitute the most serious problem of millions of families. But the American people must not be carried away by the kind of hysteria that believes that more laws, more controls and more political domination of the economy can provide the answer. This is an election year, and many a candidate will use price control as a device to woo the voters. What those candidates will not point out is that nobody will produce goods at a price which is too low to return a profit—and that the greatest beneficiary from price control is the black market racketeer.

The common argument that high prices are largely the result of conscienceless profits should be scotched. Competition is the best means of limiting profits that ever existed. As an example, the typical retailer in general merchandise earns a profit of around five cents on each dollar you spend with him. In the food field, with its fast turnover, he earns less than two cents. The profits of manufacturers are usually about six per cent, and are often less. Certainly, no one can say that this is an excessive wage for the enormous service business renders America.

## How About Communism Here?

During the last session of Congress, the Tennessee Valley Authority received its first major setback in its 15 years of existence. That happened when a proposal to appropriate \$4,000,000 to start construction of a \$54,000,000 steam electric plant was turned down.

This has not, however, ended the matter. TVA officials and supporters are planning a still more aggressive fight to get their way in the future.

There have been endless statistical arguments over whether TVA is or is not self-supporting. Important as these matters are, they do not go to the

root of the issue. The big point was brought out by the House Appropriations Committee when, in turning down the request for the steam plant, it said: "If the position of the Authority is sustained, a precedent will be set which will justify unlimited future expansion of electric generating facilities by TVA by means of steam plants or other methods having nothing to do with navigation or flood control."

The Committee could have gone on and observed that approval of the TVA request would also have established a precedent for putting the government into the commercial power business anywhere and everywhere. And wherever the government controls the power, it controls the life of the region. Then we would have a super-state with virtually unlimited authority over the people.

Congress is to be commended for its consistency in opposing the extension of communism at home as well as abroad. It can see its menace to our representative government, in Federal socialization of power with all that entails.

## Dead Level of Mediocrity

A few months ago Governor Thomas E. Dewey gave his views on governmental domination of matters affecting the public health. He said: "I am profoundly convinced, after 18 years in government, the government can never do any job as well as private enterprise. . . I am against relegating the cure of sick people to the dead level of government mediocrity. Three years ago, in the belief that government action could procure a better health program for our people through general health insurance, I procured authority from the New York Legislature for a 19-man commission to make an extensive study and produce a program."

"I read the hundred of pages of research data and the hundreds of arguments, and became absolutely convinced that, in the face of all known experience of man, such a program would be a costly failure and might also tear down the standards of the medical profession in the process. If that is correct for a state, it is even more correct for the National Government."

Carried far enough, the idea that the government can stand between us and every hazard of life could destroy the independence and self-reliance of the American people. And it would do that at an incredibly large cost in dollars, of which a handsome proportion would inevitably be used to create and maintain an insatiable bureaucracy. It is not a coincidence that many of the most vocal advocates of compulsory health insurance are always behind every movement which would advance socialism in this country. The hope is that an alert population, working through its elected representatives, will turn thumbs down on the trend.

## 4-H Club Guests of Home Bureau; Tour Is Announced

The Antioch Aces and Antioch Acorns, two 4-H clubs of the community were among the 200 persons present at the Lake Region Home bureau meeting in the Legion home last week.

Mrs. Lawrence Thayer introduced Mrs. E. J. McDougall, president of the Antioch unit who announced a tour to White Pines park, Aug. 25. Mrs. Delbert Sherwood and Mrs. R. W. Yancey gave a lecture on "The Family Enjoys Good Music." A folk dance was given by the Acorns, accompanied by Adella Rentner, Jeanne Hughes and Mary Ann Nielsen. The colorful costumes were made by the 4-H club. Yvonne Peterson instructor.

### Ballet Dancer

Mrs. Henry Rentner, Acorn leader, Mrs. Harold White, leader of the Aces, also spoke.

Club members modeled garments they had made in their club work.

Mrs. R. Murrell, 4-H leader of the executive board discussed plans for the county and state fairs.

Nancy Sheehan and Shirley Nelson played a piano duet, and Nancy Keulman, Ann Mattson, Betty McDougall presented several musical numbers.

Little Dee Stillson, representing the 4-H girl of 1954, performed a ballet number for the group.

For the finale, a candlelight service was held, led by Mrs. White, and followed by an explanation of the meaning of the 4-H's by Jean Hawkins, Ann Mattson, Shirley Nelson and Adella Rentner.

## Fifty-Five Attend Horton Reunion

Fifty-five members of the Horton family were present at their sixteenth family reunion, held at Fox River Park Sunday.

The oldest member present was Mrs. Eveline Horton, who is 84, and the youngest was infant son of Mr. and Mrs. Lowell Smock.

A delicious pot luck dinner was served and the afternoon was spent in playing games.

Virginia Petersen, daughter of Mr. and Mrs. Einar Petersen, underwent an emergency operation at Victory Memorial hospital Tuesday. Reports are that she is improving.

## ACORNS 4-H CLUB MEETING MON.

The regular meeting of the Antioch Acorns 4-H club was held Monday afternoon at the school house. The meeting was called to order by the president, Miss Rose Ann McGreal. During the business session the club voted to give \$5.00 to the Patsy Mae Cummings Fund, the leaders, Mrs. Henry Rentner and Mrs. Wolfenbarger gave \$5.00, making a total of \$10.00 from the club. The next meeting of the club will be held August 10.

In County Style Show;  
Will Go to State Fair**

Betty Jean McDougall and Jean Hawkins of the Antioch Aces, 4-H domestic science group, will be among the 13 Lake county young people who will go to the state fair at Springfield to exhibit clothing as the result of their achievements.

The two were among seven chosen from a large group of contestants in the style show at the county 4-H show in Libertyville Wednesday afternoon as being the best. Others chosen with them are Beverly Durr, Millburn; Marian Wirtz, Orpha Crook and Martha Fink, Volo; and Doris Stone, Grayslake.

Also benefitting by a trip to the fair are winners of the demonstration contests. Charlotte Kuebker, Grayslake; and Della Naffziger, Howe, were judged the best, but joining them will be Mary Lou Fisher, and Bernice Lueder, Volo; Ruth Ann Haisma, Millburn, Nancy Wells and Priscilla Baldwin, Libertyville.

The exhibits usually shown during the time of the demonstration will be shown during the fair this week. They were set up today.

**Ships Sold for Scrap**  
Two years after war's end the maritime commission had sold 184 vessels weighing 694,098 tons, for scrap. And in the last three years, the navy reports, it has sold 510 vessels for their metal, which amounted to 672,000 gross tons of scrap.

## Former Antioch Residents Observe Sixtieth Wedding Anniversary in Kenosha

Mr. and Mrs. Frank Lasco, of Kenosha, formerly of Antioch, celebrated their sixtieth wedding anniversary Thursday, July 29, with an open house at their home.

While residents of Antioch they became engaged and were married in Waukegan July 29, 1888. Mrs. Lasco was formerly Louise Hanne-

man. They took up residence on a farm near Antioch and later moved to Powers Lake. When they retired they went to Kenosha to reside.

Mr. Lasco is 86 years old and Mrs. Lasco, 84. Of their 10 children, seven are living. There are 33 grandchildren and 21 great grandchildren.

The Kenosha radio station recently broadcast an account of the anniversary.

**Home Bureau Program  
Shifted for September**

The September schedule of the home bureaus in Lake county has been shifted because of the University of Illinois from the seventh to the tenth inclusive.

The Antioch meeting is scheduled for Sept. 29. The major subject will be "Secrets of Smartness in Dress and the minor subject, "Leather-work."

**Rainbow Girls Go  
To State Meeting  
At Chicago Today**

The Antioch Order of Rainbow for Girls will have ten full time delegates at the Grand Assembly which opens today at the Hotel Sheraton in Chicago, six others will attend special sessions. Elsie Farnsworth will serve as grand drill leader and June Hunter will serve as grand Page in the State ceremony. Miss Hunter and sister, Jane, will take part in the initiation ceremony. All Antioch girls will sing in the Grand choir.

Those attending from Antioch are June and Jane Hunter, Elsie Farnsworth, June Petersen, Betty Jean McDougall, Louise Erickson, Jeanne Hughes, Mrs. C. E. Hennings and Mrs. E. L. Hunter.

**Antioch V. F. W. Team  
Nips Silver Lake**

The Antioch V. F. W. team traveled to Silver Lake Sunday, and came home with a ten to six victory behind the nine hit pitching of Ray Bushing. Antioch collected twelve hits and ten runs off the combined pitching of Bierdz and Gack.

This game made it five straight wins for the V. F. W. nine and they will be after their sixth straight win next Sunday when Pleasant Prairie comes to Antioch for a return game. In their first game with Pleasant Prairie, the V. F. W. boys went down to defeat six to two and this should be one of the best games this year. The game will start at 2:30 p. m. at the local high school grounds.

**Early Spark Plug Crude Affair**  
Like many other firms, the early spark plug was a crude affair. It depended on mica, a natural insulating material limited in supply and hard to work. Only when a porcelain clay-flint-feldspar composition, like that used in dinnerware, was substituted for mica did the spark plug industry begin to match the rapid growth of the internal combustion engine. Today there are 27 major manufacturers of spark plugs in the United States.

**Thomas Carlyle**  
Thomas Carlyle (1795-1881) was born at Ecclefechan, Scotland, in 1795. His writings covered a wide range: literature, mathematics, philosophy, social science, politics, history, biography and religion. Educated at Edinburgh university in preparation for the church, he gave up his studies in theology in the middle of the course and chose literature as his profession.

## Lions Win Over Boy Scouts 14 to 11

A large crowd witnessed one of the best baseball games of the season here last night, as the Lions club beat the Boy Scouts 14 to 11 at the local high school field.

The Lions Club naturally a dark horse, came in with "Tony" Stanich a fast ball pitcher and outdid the boys. A return match will be played in the near future under the lights.

## Package Liquor Stores Now Limited in Village; To Stop Sidewalk Sale

After passing an ordinance limiting liquor stores to one for every 800 persons or major fraction of that number, the village board of trustees Tuesday evening instructed Attorney George McGaughey to draw up an ordinance that will prohibit sale or storage of liquor outside a place of business.

The proposed ordinance resulted from a complaint that the A and P grocery has been piling cartons of canned beer on the sidewalk in front of the store from which place sales are made.

The board was told that because five feet of the sidewalk belongs to the property occupied by the grocery, it could not be ordered to stop the practice either on the grounds that the material is an obstruction or for health reasons because it is not unwrapped food.

It will be on the sale angle that the law will be made effective. The board is acting to prevent the practice of placing wares on downtown sidewalks. "Makes it look like Chicago's Market st." was one comment.

The limiting of the number of package liquor stores does not affect present licensees. Should one of them discontinue his business the license cannot be transferred and no new one will be issued.

**"George Eliot"**  
Mary Ann (or Marian) Evans, English novelist (1819-1880) recounted many experiences of her agitated girlhood in "The Mill on the Floss." Among this famous author's most popular works are Adam Bede, Silas Marner, Daniel Deronda and Middlemarch.

**White House Windows**  
There are 190 windows in the White House, so don't start throwing stones. The odds against making a hole in one are 105,000 to 1.

## Farm Loan Stockholders Get 5 Percent Dividend

Checks amounting to nearly \$4,000, have just been mailed to the stockholders of the National Farm Loan Association of Woodstock. This represents a 5 percent dividend which was declared by the board of directors for all members as of the close of business May 31. The money is part of the savings made by the Federal Land Bank of St. Louis during the past year. All the stock of this bank is owned by the local associations in Illinois, Missouri and Arkansas. The local board put a considerable sum into its reserves as a hedge against hard times. When these reserves have been enlarged it is planned to pay larger dividends to the stockholders each year, according to John Paulsen, Woodstock president of the local association. Last year the dividend was 5 percent and the previous year 4 percent. Dividends in Illinois reduced the average interest rate of 3.69 percent on Federal Land Bank loans in 1947.

The other members of the board are Paul Allanson, Mundelein, vice-president; N. S. Weingardt, McHenry; Wm. Meyer, Marengo and Louis Borchart, Huntley.

Once Cent Newspaper  
In 1840 the largest and richest newspaper in the United States was the New York Herald—price one cent.

**Grasshopper Damage**  
"Grasshoppers in a single year have destroyed crops valued at over a hundred million dollars!" The foregoing statement is found in U. S. department of agriculture farmers' bulletin 1828, which further states: "Within the regions most subject to outbreaks are included the principal wheat, barley and flax-producing areas of the United States. Included also are enormous acreages of alfalfa, corn, oats and rye. All these crops are particularly susceptible to grasshopper attack, and there is never a year in which some damage is not done."

**Price of Peanuts**  
Government last year spent about 20 million dollars at an average of 9.9 cents a pound, to support the price of peanuts.

**Virgin Island Transportation**  
Main mode of transportation on the Virgin Islands is donkey carts, although a few of the wealthier inhabitants own cars. Bicycles are not popular because of the many hills. Fish, of which a palful costs 10 cents, is a mainstay of the native diet. The population of about 25,000 is 69 per cent negro, mostly descended from former slaves.

**South American Climate**  
South America is a vast continent with a tremendous variety of climate. Climate on this neighbor continent in January is like that of the United States in July.

**Left-Hand Driving**  
Last year, 2,600 persons were killed in traffic accidents as a result of driving on the wrong side of the road. Over 260,000 were injured, many of them permanently disfigured.

## Wherever you go, they're talking DYNAFLOW

FROM Atlantic to Pacific, it's simply terrific.

Not in a generation — maybe not in two — has any single improvement in automobiles caused the talk or met the instant approval that has greeted this new drive.

You see the reason in your first five minutes behind a Dynaflo wheel.

You sense that this is not merely an improvement on old ways, but a whole new system of transferring power from your engine to the rear wheels.

For the first time, oil does every-

thing — replaces the friction clutch, eliminates the usual forward gears, even actuates the mechanism by which you change from Driving range to emergency Low and Reverse.

You feel the result in new smoothness that's like riding a mighty tide of flowing oil.

You move from standstill to road speed in one smooth unbroken sweep of power, quick and effortless in getaway and instantly responsive at speed.

You stop by pressing the foot-brake — go again by feeding gas. Once you've set the selector

lever, you need not touch it again in normal driving until you're ready to park or back up.

Outside engineers look at Dynaflo and say, "Now you've got something!"

You'll say so too — once you

handle a Buick Roadmaster with this new driving magic.

Try it, first chance you get — and we think you'll want to see your Buick dealer at once to get an order in — with or without a car to trade.

\* Dynaflo Drive is available at extra cost on Buick Roadmaster models only.

We pour oil on **TROUBLED** engines!

FRESH, CLEAN OIL makes your car feel good all over. Treat 'er to an oil change regularly, and she'll repay your thoughtfulness with longer, smoother, thrifter performance... with fewer major repair bills... and with a top trade-in price when you buy your new Chrysler.

We will purge your crankcase of the old oil (and all the grit and sludge that go with it), then refill with exactly the right amount and grade of new oil. And while we're doing it, we'll keep a trained eye peeled for any little trouble signs that you, as a careful driver, would want to know about. Drive in soon. We'll be delighted to serve you.

Funeral Service for  
Mrs. John Stanton, 49,  
Tomorrow at St. Bede's

Funeral services will be held at  
10 a. m. tomorrow at St. Bede's  
church, Ingleside, for Mrs. Loretta  
A. Stanton, 49, a resident of that  
community for 32 years, who died  
Monday at Victory Memorial hos-  
pital following a lingering illness.

Born Feb. 2, 1899 in Chicago, Mrs.  
Stanton moved to Ingleside in 1916.  
She was a member of the Lake  
Villa camp of Royal Neighbors, the  
Ladies Sodality of St. Bede's Catho-  
lic church and the Long Lake Wo-  
man's club.

Surviving her are the husband,  
John Stanton, an investigator for  
the secretary of state, and two  
daughters, Mrs. Harriet Willett, of  
Des Plaines and Mrs. Dorothy Kor-  
nelle, of Tucson, Ariz.; her father,  
Thomas Hobbs, of Chicago, and two  
grandchildren.

There will be a brief service at  
the Strang funeral home at 9:30 a.  
m. before the body is taken to the  
church. Burial will be in St. Bede  
cemetery.
